PTE GENERAL™

Pearson Test of English General (PTE General) is a six-level general English test, designed to reward positive achievement in English language learning. PTE General integrates all four skills (Listening, Reading, Speaking and Writing) and focuses on assessing the ability of communicating in English, rather than test-taking skills. The tasks in the test are a natural continuation of what happens in the classroom, giving test takers the opportunity to perform at their best.

Assessment of communicative ability

PTE General is a scenario-based English language test designed to allow students the freedom to express themselves, show what they can do and how well they can use English.

Realistic and familiar tasks

The test uses real-life material and tasks, such as writing messages, understanding talks and newspaper articles, or participating in conversation.

Positive testing experience

Through a variety of tasks that are relevant and authentic, the test will help students identify their strengths and track improvement and success.

The test is provided in partnership with EdExcel Limited, the largest UK-awarding body for academic and vocational qualifications. It is recognised globally and accepted by employers and national education authorities in many countries as evidence of a required level of English.
