

# Christmas List

A fun remembering game.

1

Put the class in a circle.

2

Start with: *'I went Christmas shopping and I bought a handbag for my grandmother.'*

3

Tell the class they must remember what you said.

4

Then turn to the person on your left. Tell him/her to repeat what you said and add something else e.g. I went shopping and I bought a handbag for my grandmother, and a belt for my brother.

5

The next person must then repeat this and add another item, until you have gone around the class.

6

The students can help each other if necessary.

7

As you started, you must finish!
